

**ALL GRADE LEVELS**

Our mission is to improve the academic achievement of all students in all grade levels by providing high quality individualized tutoring services that foster intellectual and personal development in a positive learning atmosphere.

**EDUCATED STAFF**

Our teaching and tutoring is provided by degreed, experienced and certified teachers. Our teachers have experience teaching in a classroom setting and have led classes before working for us. We only send certified teachers with state licenses to provide in-home tutoring or homeschooling. Our teachers can determine the child's learning style, areas of weakness and other factors that will allow them to provide high quality tutoring or teaching that is customized to the child's need.

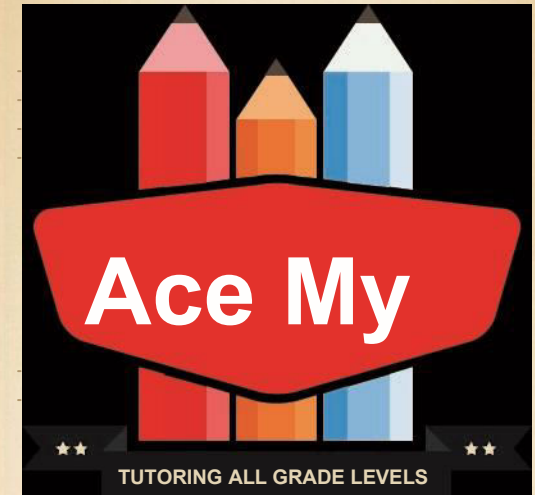

*Lack of proper teaching can lead to struggles and failure regardless of intellectual ability.*

*An Academic Approach as Unique as Each Student*

*An Academic Approach as Unique as Each Student*

*Whether your child needs to catch up, keep up, or be enriched, our team works to tailor sessions based on current curriculum.*

**PRIVATE TUTORING**

At Ace My Course, our goal is to bring each student to the desired academic level as quickly as possible. In order to help your child succeed, he or she will receive individualized instruction from our staff of professional tutors. We work to reduce stress and build confidence by creating an individualized program for each student, starting at a level that he or she can handle and then progressing through the grade levels as rapidly as the students learning pace allows.
